

BLACK SNAKE MOAN è un progetto di ricerca sonora, che affonda le proprie radici nelle atmosfere Blues e negli immaginari desertici, con una sfumatura psichedelica. One Man Band atipico, con diverse connotazioni artistiche di riferimento, quello di Marco Contestabile è un progetto a metà tra l'evocazione sonora e quella spirituale. L'approccio sperimentale ed ammaliante con cui Black Snake Moan si esibisce, destreggiandosi contemporaneamente con batteria, chitarra e voce, ha trovato riscontro anche in termini di importanti riconoscimenti, quali le vittorie conseguite nelle edizioni 2017 dei concorsi di Arezzo Wave e del MEI SuperStage, che gli hanno permesso di farsi notare da addetti ai lavori e pubblico. Una testimonianza della credibilità del suo suono caleidoscopico, apprezzata dai fan sia del blues che della psichedelia, Black Snake Moan in 2 anni di attività, si è riflessa anche in termini di importanti premi:

DISCOGRAFIA

SPIRITUAL AWAKENING è un concept album, un percorso onirico, una profonda mutazione interiore, un completo risveglio del proprio spirito. Il serpente, emergendo dal suo mondo d'ombre, porta con sé una saggezza ancestrale, è la linea guida di questo viaggio, narratore di storie di sogni ed incubi. Il disco, autoprodotto, uscito a febbraio 2017, nasce sotto il segno del riverbero, che accompagna l'ascoltatore in un viaggio interiore scandito da ritmiche tribali ed echi ancestrali, tra misticismo sciamanico e spiritualità naturalista.

PHANTASMAGORIA è il nuovo album, (uscita prevista ad ottobre 2019) un flusso di coscienza tra oscurità e luce, il forte dualismo complementare che descrive il tema del nuovo lavoro di BLACK SNAKE MOAN. Un fuoco oscuro che evoca una successione di illusioni ottiche, un rapido susseguirsi di immagini, visioni che colpiscono vivamente i sensi e la fantasia. Oscurità e Luce si avvicendano nel percorso, una eterna ciclicità, linea conduttrice tra realtà e fantasia. Una compenetrazione di elementi stilistici che mescolano il rock psichedelico ad una significativa influenza proveniente dalla musica indiana, un mantra blues, adesione spirituale e lisergica, dormiveglie desertiche avvolte nel mistero.

DISCOGRAPHY

SPIRITUAL AWAKENING is a concept album, a dreamlike journey, a profound inner mutation, a complete awakening of one's spirit.

The snake, emerging from its shadow world, brings with it an ancestral wisdom, is the guideline of this journey, narrator of stories of dreams and nightmares.

The self-produced album, released in February 2017, was born under the sign of reverberation, which accompanies the listener in an inner journey marked by tribal rhythms and ancestral echoes, between shamanic mysticism and naturalist spirituality.

PHANTASMAGORIA is the new album, (release in October 2019) a stream of consciousness between darkness and light, the strong complementary dualism that describes the theme of the new work by BLACK SNAKE MOAN. A dark fire that evokes a succession of optical illusions, a rapid succession of images, visions that strongly affect the senses and the imagination. Darkness and Light alternate in the path, an eternal cyclical, a guiding line between reality and fantasy. An interpenetration of stylistic elements that mix psychedelic rock with a significant influence coming from Indian music, a blues mantra, spiritual and lysergic adherence, desert drowsiness wrapped in mystery.
